

Login to Admin Panel

Admin user shall use the public login utility. This utility will determine if the user has administrative privileges, then it will redirect the admin to admin control panel automatically.

The screenshot shows a web application interface for logging in. At the top left is a logo with a bird and the text 'DreamBird'. At the top right are links for 'Sign in' and 'Register'. The main content area is titled 'Login' and contains a form with the following elements: a text input field for the username (containing 'admin'), a password input field (masked with dots), a 'Forgot password?' link, a 'Remember me?' checkbox, a 'Sign in' button, and a section for 'External Login' with buttons for Google+, Google, Facebook, and Twitter. Below the external login section is a link that says 'Not a Member Yet? Register now!'. Five numbered blue circles with arrows point to specific elements: 1 points to the username field, 2 points to the password field, 3 points to the 'Remember me?' checkbox, 4 points to the 'Sign in' button, and 5 points to the external login buttons.
